- + Variable mounting option on the handlebars with mounting set QR or bar-lock mounting set, ensuring tire clearance at all times (particularly good for small bike frames)
- + Robust internal reinforcement for more stability
- + Easy and quick access from both sides, particularly suitable for packing a sleeping bag or sleeping mat
- + Elastic cord fastenings on the outside for quick stowage of additional equipment
- + 4 hooks with CamLock closure for attaching the separately available Accessory Pack
- + Valve and compression straps for quick and easy compression
- + Balanced weight distribution on the bike
- + Lightweight, robust PU-coated nylon fabric
- + 2 3M Scotchlite reflectors

Contents: Handlebar Pack Flex with compression straps, adapter plate and inner stiffening

Optional accessory: Bar-Lock Mounting-Set (E269); Handlebar mount available in 5 versions (E241, E225, E226, E185, E207); Handlebar Mounting-Set Extension (E165, incl. long mounting cable) for mounting on strongly curved handlebars, Handlebar Mounting-Set Support (F1451) for mounting lights, speedometer or e-bike display

Note: In order to meet standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the closure must be rolled 3-4 times.
