- + Can be combined with the ORTLIEB Rack-Pack 24 L or 31 L on the luggage carrier
- + Bright reflectors made of „3M Scotchlite reflective material
- + Easy to clean inside

Contents: Pannier comes as single bag with shoulder strap and QL3.1 studs

Optional accessories: Pannier Carrying System, Anti-Theft-Device (E124), Outer Pocket 2,1 L, Mesh-Pocket, Clamps for higher diameters up to 16mm (E191); QL3.1 mounting set

Attention: Maximum load per pannier is 9kg / 20 lbs. We recommend weighing each loaded pannier to confirm that the maximum allowance of the pannier fixation is not exceeded. This practice is advised for both rear and front panniers. CAUTION: The maximum weight capacity of every carrier model is different. Please observe the maximum weight allowance of the carrier fitted to your bicycle. Note: Sometimes the maximum capacity of the panniers fixing system can exceed the maximum capacity of the carrier. DO NOT exceed the maximum capacity of the carrier! Note, that the use of panniers will significantly influence the handling properties of your bicycle.

Attention: As abrasion cannot be ruled out, we recommend that all points where the mounting system contacts the bicycle rack or frame be protected by scratch protection film.

Note: In order to meet standard IP64 (6=dustproof 4=protected against splash water coming from all directions) the lid must be rolled 3-4 times.
